How many pages can you read?

Here are some ideas of things you can read to your parent or a friend:

- Electronic Books
- Children's Magazines
- Library Books
- Books you have at home.

Each time you read a book, make sure you write down how many pages you read on your reading log.

Comprehension Questions to ask your student:

- Who was your favorite character?
- Where does the story take place?
- What is your favorite part of the story?
- How does the main character feel?
